This declaration is applicable to the following scope(s):

PAS 2060:2014

Specification with guidance at the product level for quantification and reporting of greenhouse gas emissions

The correctness and completeness of the Carbon Footprint has been verified by

Control Union Certifications Germany GmbH

in accordance with PAS 2060:2014 for the reporting period

01.01.2020 – 31.12.2020

The organisation has been verified to manufacture and distribute a paraffin-based film with a footprint of

671,76 tCO₂eq

The level of assurance has been determined as limited. The carbon footprint included Scope 1, 2 and 3 emissions. The calculation of the carbon footprint comprises of emissions arising from manufacturing and distributing a paraffin-based film for wrapping the crown of the bananas and for sealing the glassware of laboratories.

The certified organisation has measured greenhouse gas (GHG) emissions and reduced them to zero through purchasing of carbon offsets in accordance with the requirements of the PAS2060 for the stated activity.
